

AFTER PLUNDER.

Rob Loots the American Mission Chapel at Ing Hok.

THE SITUATION IS CRITICAL.

Values Prompt Action is Taken There is Danger of Great Riot in Other Parts of American Community. Details of the Massacre of Missionaries by an American Lady.

New York, Aug. 9.—The World today publishes the following special dispatch from Foo Chow, China:

A mob has just looted the American mission chapel at Ing Hok, 50 miles from here. Unless prompt, effective action is taken, there is danger of great riots in other places. The Chinese soldiers sent to Ku Cheng to protect foreign property plundered the Stewart residence. No American gunboat has come here. The situation is critical. An official on his way to this city from Ku Cheng was killed yesterday. There is no American protection. The American government's neglect is infamous.

The evidence already obtained shows that the massacre at Hwasang was planned at least a week beforehand. The foreign consuls have the names of the leaders in it, and some of the participants.

An official of Foo Chow sent 210 soldiers into that section on July 24 to prevent the Christians from murdering Chinese. The Christians thought the missionaries had caused the troops to be sent and decided to kill them.

They began immediately to gather at a certain designated place. In passing through the villages on their way to the rendezvous the Christians publicly declared their intention to destroy the churches and to kill the Christians.

The officials knew of this, but they did nothing to protect or even warn the foreigners.

The night before the massacre a native pastor in the city of Ku Cheng heard that the Christians were going to kill the foreigners on the morning. He wrote a letter of warning to Mr. Stewart at Hwasang, but delayed sending it until about an hour too late. Dr. Gregory was in the city of Ku Cheng at the time, but he was not notified. The foreigners had no suspicion of the intended slaughter.

DETAILS OF THE MASSACRE

By Miss Mabel Hartford, the Only American Who Witnessed It.

New York, Aug. 9.—The World publishes today in special columns from Shanghai, China, an account of the massacre of missionaries at Hwasang, written by Miss Mabel C. Hartford, one of the survivors of the massacre and the only American who witnessed it.

Miss Hartford's statement follows: "August 1, at 9 a. m. I heard shouts. They were the yells of servants who rushed in shouting to me to get up, for the Christians were coming, fearing down the houses on the hill below the English mission. A few minutes later a teacher came to my door and told me to run. I put on my clothes and rushed to the door. I was met by a man with a bright spear, who yelled: 'Here is a foreign woman!'

"He pointed the spear at my chest. I twisted it to one side and it just grazed my arm and hand. He threw me to the ground and beat me with the wooden end of the spear. A servant came and wrenched the spear away and told me to run.

"I jumped down the embankment and ran along the road. A servant came and pulled me along until I lay down on the side of the road. I then got up and ran to the hill below. After resting there I reached a secluded spot and lay down.

"All this time the yells went on and two houses were burning to the ground. After a while the yells stopped. I supposed the Christians had gone away. A servant went to see how matters were. He returned and told me that five ladies of the English mission had been killed and some had been wounded, but that no house, a rented native house, had been troubled.

"I went home to find Miss Cordington much about the head and beaten all over; Mildred Stewart, 12, the knee over and bleeding very hard; Herbert Stewart, 8, on the head and almost dead; baby Stewart, with one eye black and swollen; the second Stewart girl, Kathleen, 11, with the second eye black and swollen; and a boy, 10, with the head and face beaten and pierced with a spear, but not seriously injured. The boy vomited all day, but we thought it was from fright.

"Mr. Phillips of the English mission, who lived in a native house some distance away escaped injury, only arriving in time to see the bodies of the dead and the wounded being carried away.

"At first we heard that some foreigners had escaped and were in hiding, but Mr. Stewart did not come and we feared the worst. Mr. Phillips went to the ruins and found eight bodies; five not burned and three burned so as not to be recognizable.

"The foreigners arrived at dark and dressed the wounds of the patients. Coffins were made and the bodies were put in them. The bones of the burned were put in boxes.

"Another burned body was found, making nine grown people massacred—R. J. Stewart and wife and a nurse from Ireland, called Lora; N. J. Stewart and wife, Scotch; and a woman from Australia, who lived in the upper house called the Stewart home; Hattie Newcomb of Ireland; Elsie Marshall and Lucy Stewart of England; and Annie Gordon of Australia.

"The first four were burned beyond recognition. They ran out of the house and were killed on the hill below. Gordon's head was nearly cut off. The bodies were put in coffins and sent by steamer to Foo Chow about 4 a. m. of Friday afternoon, Aug. 4.

"I heard these about three hours later.

JUSTICE JACKSON.

His Death Takes Place at His Home Near Nashville.

HAS BEEN IN FAILING HEALTH

For the Past Four Years, but It Has Been Only in the Past Year That His Friends Became Unusually Lamented His Death.

Nashville, Aug. 9.—The Hon. Howell Edmunds Jackson, associate justice of the Supreme court of the United States, died at his residence at West Middle, six miles west of this city, at 3 o'clock yesterday afternoon, in the 44th year of his age, of consumption.

Judge Jackson had been in failing health for the past four years, but it has been only in the past eight or nine months that the progress of the disease began to cause his family and friends uneasiness. Last year he went on a lengthy trip to the far west in search of health. Later he went to Thomasville, Ga., where it was hoped that his one-time vigorous constitution might be restored. The trip did him little good and after a time he was brought home.

CAVED IN.

An Eight-Story Building in New York.

Three Killed.

New York, Aug. 9.—With scarcely a sound to warn the 70 or 80 workmen of their danger, an eight-story building in the heart of the city caved in, killing three men and wounding many others.

The men and police who came early to the scene could hardly see to perform their work of rescue because of the cloud of dust that poured from the wreck. Many friends and relatives of the dead and injured were there and many distressing incidents resulted.

Will the State Compound a Felony?

FRANKS, D. D., Aug. 9.—W. Taylor and wife arrived yesterday morning and will remain until after the trial next Thursday. They were accompanied by C. T. McCoy, who paid Treasurer Phillips the \$100,000 cash and transferred the property to the state.

Will Resume Business.

WASHINGTON, Aug. 9.—The Merchants' National bank of Rome, Ga., which suspended payment April 27, 1895, having fully complied with the conditions imposed by the court, will resume business on Monday.

THEIR LAST RUN.

An Engineer and Two Firemen Killed in Collision.

PLUMHOUS, N. H., Aug. 9.—In a head-on collision between the cannon ball express, southbound, and a freight train, northbound, just south of this place, three trainmen were killed. The dead are:

Frank Stevens of Lakeport, engineer of the express; leaves a widow and one daughter.

George Merrill of Lakeport, fireman of the express; leaves one son.

Henry Gurnell of Northfield, fireman of the freight.

There were about 15 passengers on the express train, but none of them were seriously hurt. Engineer T. W. Merrill of Meredith severely injured one leg; however, and Conductor Eugene Bennett and brakeman L. W. Wade of the passenger train received bad cuts. The wreck is thought to have been caused by a heavy fog.

INTO A WASHOUT.

Passenger Train Meets With an Accident in New Mexico.

Albuquerque, N. M., Aug. 9.—A special passenger train from the west was wrecked on the Continental divide about 130 miles from the city of Albuquerque.

The train ran into a washout and two combination baggage and express cars, the day coach and a tourist sleeper, fell the track and tumbled over. Rev. E. C. Wheeler, the Baptist evangelist, who had been in California with his car, was killed. The train was carrying a large number of passengers.

Eight persons were injured. The body of Rev. Wheeler and the wounded were brought to this city.

MURDER AND OUTRAGE.

Farmer Killed and His Wife Assaulted by a Mired Man.

OWEN, N. Y., Aug. 9.—Henry Whitlock, a prosperous farmer living near North Victory, Cayuga county, 130 miles from this city, was murdered by a mired man.

After committing the crime Burgess returned to the house and made an indecent proposal to Mrs. Whitlock, which was repulsed by the terror-stricken woman, and a fierce struggle in the dark ensued. Mrs. Whitlock attempted to escape, but Burgess stifled her cries by choking her into insensibility, when he accomplished his purpose.

MASKED ROBBER'S HAUL.

Holds Up and Robs a Night Railroad.

STURGEON, Mich., Aug. 9.—A masked man entered the Grand Rapids and Indiana railroad depot here and demanded that Henry Dobbins, the night operator, hands. He secured \$5 of the company's money from the operator and then backed out of the depot with his revolver pointed toward the men and escaped in the darkness.

COLLISION AT SEA.

The British Steamship Prince Oscar From Liverpool.

CRASHES INTO A SAILING VESSEL.

Both Ships Sink in Less Than 20 Minutes. Six Members of the Crew of the Prince Oscar and All on Board the Sailing Vessel Were Lost. Drifted Three Days in Mid-Sea.

PHILADELPHIA, Aug. 8.—The British ship, Prince Oscar, from Liverpool, Captain Henderson, collided in mid-ocean on July 13 with an unknown sailing vessel. Both ships sank in less than 20 minutes. Six members of the crew of the Prince Oscar, and all on board the unknown vessel were lost. The survivors, 17 in number, were rescued by the ship Tharwa, after being confined in an open boat with neither food nor water for three days. They were transferred to the British steamship Capricorn from Pisagua and brought to this port last night.

The disaster occurred shortly after midnight in latitude 30 degrees 30 minutes north, longitude 120 degrees 30 minutes west. The Prince Oscar, which was bound from Shields, which port she left May 27, for Iquique, laden with coal, was going at a clipping gait on the port tack before a brisk wind and with all sails set. It is estimated by the crew that she was making about six and a half knots an hour when suddenly there loomed up directly under her bow a four-masted vessel. The mate asserted that the stranger had no lights burning and after she was sighted it was impossible to change the course of the Prince Oscar.

The iron hull of the latter struck the unknown fast amidships, knocking her almost on her beam end and crashing through the work until her prow was more than half buried. The stranger went over almost on her beam end as the Prince Oscar backed away.

As the crew of the Prince Oscar stood up by the mainmast, they saw the stranger partially right herself and then she rapidly began to sink.

They listened awhile in vain for some signs of life, but not a cry for help came from the sinking vessel. In less than four minutes from the time she was struck the stranger keeled over and plunged stern first into the depths below. Captain Henderson of the Prince Oscar, who was below in his berth, rushed on deck just in time to discover that his ship was sinking. The pumps were manned, but in less than ten minutes it took to tell it, it was discovered that there was no hope from that source. Life boats were lowered and the crew were ordered to jump and swim for their lives. They all went overboard, and with the exception of the unfortunate, reached the small boat.

The ship drifted in mid-ocean a heavy sea struck one of the boats in which were eight men, and four of them were drowned. The other four were picked up by the steamer, but the crew was never recovered, and for three days and nights they floated on the bosom of the ocean with only fish oil to sustain their parched lips and tongues. Just as they were about to abandon hope they sighted the ship Tharwa from London, bound to Melbourne. They succeeded in attracting the attention of those on board and were soon on her decks. Four days later they were port. All of the survivors still bear evidence of the struggle they endured while aboard the small boat.

PITTSBURGH MINERS NOT SATISFIED.

PROVIDENCE, Aug. 9.—A convention of the dissatisfied miners of this district will be held Monday, Aug. 12, to protest against the action of the recent miners' convention in compromising with the operators and allowing the present wage scale to stand.

A meeting was held yesterday at Lucyville in the fourth pool at which 64 of the miners in that pool were represented. The sentiment was largely in favor of protesting against the compromise. At other parts in the district there is dissatisfaction.

Delegation to Silver Conference.

ST. LOUIS, Aug. 9.—Under instructions of the Democratic state convention held at Pertle Springs, Mo., Hon. R. P. Bland, chairman, appointed delegates from each congressional district to the national silver conference to be held at Washington, Aug. 14, under call issued by Senators Turpin and McClellan of Tennessee and Jones of Arkansas.

ASIATIC CHOLERA.

A Case Alleged to Have Been Found at Dayton, O., Aug. 9.—In the East Side German quarter a sporadic case of supposed Asiatic cholera has come to light. Yesterday morning a German named Coblenz, 40, died after a short but violent sickness. A physician was summoned in person to examine the corpse, who has had much experience in southern hospitals, decided it to be Asiatic cholera, and the sanitary authorities have quarantined the house and neighborhood, and taken vigorous disinfecting measures. Coblenz's skin is shrunken at points, and arteries when cut did not bleed, which are said to be certain symptoms. Intense excitement prevails in that quarter of the city, which is a very squallid one.

New Incorporations.

COLUMBUS, O., Aug. 9.—The following articles of incorporation have been filed in the office of secretary of state:

The T. S. Gilliland Grain company. Van Wert, capital stock, \$5,000; the Selma Mutual Telephone company, Selma, capital stock, \$500; the Independent Musical club, Fostoria; the United States Dental Manufacturing company, Cleveland, capital stock, \$5,000; the Brown-Bene company, Dayton, capital stock, \$10,000; the Calvary Sunday School association, Washington township, Clermont county.

Disasters Fire at Ironton.

Ironton, O., Aug. 9.—Yesterday morning at 2:30 o'clock a fire broke out in the Pearson saw and planing mills, and in the course of an hour the mills, together with four private dwellings, were a complete ruin. The company's loss, which is partly covered by insurance, will reach \$25,000. The dwellings were sufficiently insured to cover the loss. A large quantity of veneered and dressed lumber was also destroyed.

Has the State Jurisdiction?

CLEVELAND, Aug. 9.—The Cleveland fishermen whose nets were seized recently by the state game warden declare that they will take the matter to the United States supreme court if necessary to establish their rights. They claim that inasmuch as Lake Erie is held to be a high sea the state of Ohio has no jurisdiction over it and can not therefore regulate fishing in its waters.

Old Fellow's Heist.

CALDWELL, O., Aug. 9.—The first annual picnic of the Old Fellows of south eastern Ohio was held at Dexter City yesterday. It was attended by lodges from Marietta, Caldwell, Sharon, South Olney, Dayton and other points. The address of welcome was made by F. H. Hunt, of Dexter City, being responded to by J. A. Okey of this city. Ten lodges were present.

Fire at Coshocton.

COSHOCTON, O., Aug. 9.—The works of the Coshocton Advertising company were badly damaged by a fire which broke out at 1 o'clock yesterday morning. The loss is estimated at \$5,000 on building, \$5,000 on machinery and \$25,000 on stock, aggregating over \$35,000. Insured for about \$40,000. One hundred and seventy-five people are thrown out of employment.

Medal of Honor.

WASHINGTON, Aug. 9.—A medal of honor has been awarded to John S. Kuntz, drummer of Company C, Thirty-Seventh Ohio volunteers, for most distinguished gallantry in action at the battle of Mission Ridge, Tenn., Nov. 25, 1863. A boy of 18, he dropped his drum, seized a musket and joined the charge, inspiring his comrades by his heroic conduct.

Eighteenth Reunion.

CADIZ, O., Aug. 9.—Extensive preparations are being made for the eighteenth reunion of the Nineteenth regiment, V. I., to be held here on Aug. 15, on the old fair ground. It is probable that 100 members of this regiment will be present, and a great many from the One Hundred and Twenty-sixth and Forty-third regiments.

We Defeat Cleveland—Have Won 10 Out of 11 Games.

Lima played the second game yesterday on the home grounds with the Cleveland team. The visiting team played well, a number of its members having appeared here in '88. Their fine pitcher was knocked out in the fifth, but only one hit was marked to the one taking his place. It was good game and full of interest, and witnessed by about four hundred people. Here's the score:

Lima.....0 0 0 5 4 0 0 0—9
Cleveland.....0 0 3 2 1 0 1 0—7

Earned runs—Lima 7, Cleveland 4. Hits—Lima 16, Cleveland 10. Errors—Lima 4, Cleveland 4. Two-base hit—Miller. Three-base hits—Robinson, Gottlieb. Base on balls—Miller 5, Lee 2. Struck out—by Miller 2, Lewilyn 1. Double play—Hardisty and Robinson. Unlucky—Dubs and Carroll.

We Defeat Cleveland—Have Won 10 Out of 11 Games.

Lima played the second game yesterday on the home grounds with the Cleveland team. The visiting team played well, a number of its members having appeared here in '88. Their fine pitcher was knocked out in the fifth, but only one hit was marked to the one taking his place. It was good game and full of interest, and witnessed by about four hundred people. Here's the score:

Lima.....0 0 0 5 4 0 0 0—9
Cleveland.....0 0 3 2 1 0 1 0—7

Earned runs—Lima 7, Cleveland 4. Hits—Lima 16, Cleveland 10. Errors—Lima 4, Cleveland 4. Two-base hit—Miller. Three-base hits—Robinson, Gottlieb. Base on balls—Miller 5, Lee 2. Struck out—by Miller 2, Lewilyn 1. Double play—Hardisty and Robinson. Unlucky—Dubs and Carroll.

NOTES.

Our boys played Anderson this afternoon and will play them again to-morrow.

Next week the home team will be in Indiana. The next game here will be one week from Tuesday.

REDHOT HAYMAKING.

The Amateur's Experience Was Complete and Satisfactory in the Day.

The hot experience I ever met with in the country was the day I helped to make hay. The farmer began to call us in the afternoon, and after a long day of intermittent yelling he succeeded in his desire of getting us out of bed several hours before it was necessary. It was then 3 a. m. About two hours later we had had our breakfast and were on our way to the hayfield. When we got into trouble, the opening scenes were always amusing. A gentleman was always telling us, "The hay was so hot, I was almost roasted. The dew lay on the grass, and the air was cool and invigorating. I could not but agree with the poets that the scent of the new mown hay was very inspiring. I felt like a god and was keen to jump into the spot."

The first laugh consisted in touching the hay after the rake, which the farmer himself drove about the field with many loud "gags" and "haws," but few "whoas." The old rascal took a head-dish delight in crowding us. It began to look a little like work.

When the hay was all hunched, the high ladder wagons were driven into the field. Being a novice, I was assigned the duty of loading. I stood upon the wagon and built the hay as the hay was pitched to me theoretically, but on me actually. The first dose knocked all the poetry out of me.

The blazing sun had knocked up all the dewdrops and was now high in the east. He seemed to focus his scorching rays on the wagons, and the hay cracked and sizzled about me like frying fat. It was noon 20 times all at once. I thought I was becoming liquified. I sank to my neck in the hay and roared in a concentrated oven of absorbed solar heat.

During the past week several meetings of our citizens have been held to consider the proposition of the Ohio Southern Railway Co. to extend their line from Lima to Ottawa as a portion of their route to the Northwest. The railway company only ask \$2,000 subscription to make Ottawa a point on the road. At the meetings held a large committee was appointed to receive this aid, and the amount subscribed so far is very satisfactory; yet it will require great liberality on the part of our citizens to raise the necessary amount. But if all will do their part the road can certainly be secured for Ottawa.—Pulman County Sentinel.

OLD PIONEERS

Who Filled the Forests "Way Back in the Forties."

Several Thousand People Attend the First Annual Meeting of the Lima Pioneer Society.

The first annual pioneer meeting of the Lima Pioneer Society was held yesterday in the grove of Elias Critch, about a mile northeast of Lima.

It was a perfect success in every respect, and the old settlers were present with their families from every section of the county; there was not a postoffice in Allen county but that was represented by one or more. The old pioneers made it a day long to be remembered. Friends gathered there to renew old acquaintances, and some to meet those whom they had not seen for years. Old associations were revived, and gray-haired men and women—those who settled here in their early days and braved the difficulties and dangers to develop and cultivate a wild country—related their experiences, which seemed to the younger ones present, who are reared in ease, as almost fairy-tales. There were estimated to be between seven and eight thousand people present, and the forty-acre grove was literally packed. The programme, which was interesting, was as follows:

President, Dr. R. E. Jones; First Vice President, Madison L. Bowyer; Fourth Vice President, James M. Jacobs; Fifth Vice President, William B. Secretary, M. J. Sanford. Members of the executive committee, Joseph Brower, Emanuel S. Critch, James H. Johnston, S. A. Stemen, Arthur Poling, John Ensel, Sr., John D. Critch, Dr. S. A. Hitchcock and Eli McBride.

The music was furnished by the Gomer male chorus of 23 voices, under the direction of John Jones. The music was excellent and highly appreciated. The platform was prettily decorated with our national colors.

There was on display a great variety of curiosities and relics, consisting of old bibles, the first newspapers in Allen county, cooking utensils, saddles, clocks and farming implements. An old carriage attracted much attention. It was built in 1802, in Virginia, and traversed the country years ago from Ohio to this country. Many of the relics were from 250 to 300 years old. A number of Lima people were in attendance.

An interesting communication from James Sunderland, of Amanda township, was presented by J. W. Lammson, but as the day was so far advanced it was only epitomized. As it contains reminiscences which many were anxious to hear, we produce it herewith in its entirety:

Pioneer recollections of Jas. Sunderland, of Amanda township, Allen Co., Ohio.

At that time but three other white families lived in this vicinity. As the country was then so far west, it was only epitomized. As it contains reminiscences which many were anxious to hear, we produce it herewith in its entirety:

were numerous in our neighborhood. They were, as a rule, very friendly and frequently assisted us at our work. There is still a log cabin standing on my place which they assisted in raising. Although father had to turn his stock loose in the woods he never had any stolen and several times when his horses and cattle started back for Montgomery county, the Indians stopped and returned same. My life was once saved by an Indian by the name of Big Knife. Mother was washing in a out house having a fire place, the dirt hearth of which had become worn down so as to form a hole, in which I was playing. The fire-log, supporting a kettle of boiling water, burst away, spilling the kettle of water into the hole, I, no doubt, would have been scalded to death but for Big Knife's presence, who watched me up just in time to save me. I will remember this circumstance as I was very badly scared for I was always very much afraid of the Indians and thought I was surely going to be killed when caught up by Big Knife.

Occasionally drunken Indians would cause us some bother. I recollect mother knocking one down in our house with the iron poker for attempting to take a skin of sewing thread from her. Upon being helped to his feet and out of the house by a companion, he turned and said, "You good fellow, no coward." My father once also had an encounter with some Indians, on a return trip from Dayton, O. He was stopped near the site of the town of Buckland, O., by Chief White Feather and a band of his men. Father's father's load consisted of whiskey, which the Indians were very anxious to get at, and tried very hard to scare him into letting them have it. It was only after he had badly wounded one with a club that he was allowed to proceed.

There was an Indian burying ground on our place, which we closed up after the Indians left the country, bringing to the surface old gun barrels, knives, brass kettles, silver jewelry and many other articles that had been placed in the shallow grave.

Hunting was great sport during my boyhood, and being plenty of game, deer, turkeys, wild hogs, wolves and squirrels we had by the thousand; while the finest fish could be caught in the Anguila river—sturgeon, lake shad, black bass, and pike being very abundant. Father caught a sturgeon seven and a half feet long, at one time, and pike five feet long, were frequently caught.

Our first schools were on the subscription plan, and the first school I went to was built the same as the log cabins of the settlers. Pega driven in holes in the wall, supported by puncheons with wooden legs.

For many years we had no churches but held divine service at the cabins of settlers, or in case of big meetings in the barn of some neighbor, who was fortunate enough to have one bigger than his house.

Our nearest source of supply were Pike and Dayton. Father went principally to Dayton for a number of years after settling here. He generally went twice a year, once to the fall and once in the spring. One of the articles always bought in the fall was leather, our shoes being made by the neighbors and the shoemaker, who was an Indian from house to house, boarding at each place until he had completed shoes for the entire family. One pair of shoes generally had to last us one year. Occasionally, however, moccasins were worn. I recollect going to Dayton in 1821, when ten years old, with my cousin Frank, for food and supplies. There was then but one white family living between the fort and Wapakoneta, old Peter Amle, who lived about one mile north of that place. Remembering of stopping at Wapakoneta and buying ginger bread and small beer at a bakery kept by John Keller, on the other side of Wapakoneta, there was no settlement until we came to a colored town called Rumley, on Laramie creek. While going to Dayton, we had slept of nights in the wagon, but on the return trip we were so loaded that the wagon could not be taken to Dayton, and we were forced to travel with us as far as Wapakoneta. In his load was a barrel of elder, of which he kept us well supplied during the entire trip. I recollect that we had a barrel of Kanawa salt on our load which cost us four dollars, in Dayton it was then considered a good day's drive to then from Wapakoneta to Fort Amanda.

We occasionally received supplies from traders who would come up the river from Defiance in flat boats and perogues, the Anguila then being navigable as far as Wapakoneta.

The Miami and Erie canal opened in the forties and gave us our first outlet for timber and grain. We then thought nothing better could ever be built or would be wanted than the "old canal."

Trusting that these few sketches will revive in the minds of the pioneers present the scenes and events of other days, and that I have given to the younger generation here some idea of the life led by the early settlers of our county, I will now close.

DISCOVERED

A Fellow Trying to Escape With a Sack of Shoes.

Last evening west fast freight train No. 23, on the C. H. & D., was standing on the track waiting for a change of engine and crew, the night watchman noticed a man on the opposite side of the train. As he crossed the tracks he was seen to pick up a sack and run.

The fellow succeeded in escaping in the darkness, but the sack was opened and found to contain a lot of shoes—all tied together so as to be easily carried over the shoulder. The C. H. & D. had lost no freight goods, and Detective Peck, thinking possibly they were part of the property stolen from the train, telephoned them to come and examine the goods.

LIKE THE WAR.

The U. V. U. Encampment is Ended—The Veterans Leave for Their Homes.

The tenth annual encampment of the Union Veterans' Union is now like the war, a thing of the past. Yesterday evening the old veterans completed their business and adjourned together with the ladies and citizens, held an informal reception at the Lima Club. Army stories were related and music and recitations rendered.

The visiting veterans and ladies visited the old shell on east Kibby street and saw it shot at 10 o'clock this morning. There was not much to be seen, as the well was boxed, and nothing was blown above the mouth of the well. To many it was novelty to see our great wealth producers and to see one shot.

A greater part of the veterans have gone, and those remaining will depart for their various homes this evening. While there has not been a great number here, the convention was a great success, as every one of its commands was represented by one or more persons. Their meetings were interesting and much business transacted, and Lima has been pleased and honored with their presence.

The W. V. R. U. completed their work this forenoon, and this afternoon held a session at which were present the officers of the U. V. U. and several other veterans. They then adjourned until their next annual encampment.

THE THIEF GOT AWAY.

Nine Pairs of the Stolen Shoes Recovered.

Last night an unknown tramp attempted to board a C. H. & D. freight train as it was leaving the yards in North Lima and was ordered off by one of the brakemen. The fellow had a bundle with him which the brakeman called to him and then took to his heels, disappearing among the cars on the sidetracks. The bundle proved to contain nine pairs of shoes which are supposed to be part of those stolen from a car at the C. & E. depot night before last, an account of which appeared in the Times-Democrat last evening. The shoes were delivered to Detective Peck, who notified the C. & E. people.

GET IT HARD.

D. A. Shuck, the man who knocked policeman Honey down a couple days ago when the latter arrested him, was arraigned before the mayor upon a charge of resisting an officer.

He pleaded guilty to the charge and the mayor fined him \$50 and sentenced him to 30 days imprisonment in the Dayton workhouse.

Shuck was removed to the county jail, and will probably be taken to Dayton to-morrow.

RATIFICATION MEETING.

Knights of St. John Attend an Elaborate Celebration at Wapakoneta.

The uniform rank Knights of St. John, of this city, went to Wapakoneta last evening and participated in the exercises of an elaborate ratification meeting given in honor of the election of Henry J. West, of Wapakoneta, to the office of Supreme President of the Knights of St. John, at the recent national convention, held in Danville, Ill.

The uniform ranks from Piqua, Sidney, Dayton, Botkins and Lima were in attendance and over 1,200 Knights were in the big street parade that was given.

After the street parade an open air meeting was held an interesting programme of good speeches and music was rendered. There were several brass bands in attendance and the event was an enjoyable one.

Acknowledgement.

LIMA, OHIO, Aug. 9th, '95.

To My Friends and Neighbors: The Prudential Insurance Co. has this day paid me the full amount of policy No. 8,528,178 issued on my child that died Aug. 5th, of cholera infantum.

The amount was paid in full, very promptly and without the least trouble.

I recommend the Prudential, to any person who wish life insurance, as a prompt and reliable company.

Very Respectfully,
MARION ROOP.

A Card.

We wish to return our heartfelt thanks to the many friends and neighbors for their kindness through the sickness and death of our little son, Ralph.

M. AND MRS. C. J. BENSON.
